

AUTISM SOCIETY

Improving the Lives of All Affected by Autism
Ventura County

Dear Community Partner:

We need your help to continue supporting local families, kids and adults with Autism! Please donate or participate in our **5th Annual charity race and resource fair, "Aut2Run!"** which will be held on Sunday, April 23, 2017 on the beautiful campus of CSU Channel Islands. Our very popular event helps raise awareness and support for those living with Autism in our local community. We would greatly appreciate your sponsorship and participation in our event!

Our "Aut2Run!" event is the area's largest event focused exclusively on Autism awareness and action. Last year's event was attended by 2,500 participants, 1,000 guests, and over 50 local companies. The support we received helped us raise over \$100,000 to provide the following:

- Training to our partners in law enforcement and to first responders to identify and safely respond to someone with Autism in an emergency
- Support, information, and resource referrals to families and community members on our hotline and website
- Networking for families and kids with Autism that help them connect with each other and build support
- Community outreach, education and advocacy regarding employment, lifelong support options, and challenges that need to be addressed

The "Aut2Run!" event features a competitive 5K/10K walk/run and a Fun-K for the kids. All events and the Resource Fair are open to the general public. Finishers receive event t-shirts and a very unique finisher's medal. For more information on the event please go to www.Aut2Run.org or call us directly.

We sincerely hope you will show our local Autism community that you support them by sponsoring our event. Enclosed with this letter, please find the sponsorship form due by April 7, 2017.

Thank you!
